

DialogSelect Alerts

Step 1: Execute a search as you normally would. At the top of the 'Titles List' you will see a Create an Alert for this search link. Look for the alarm clock.

Step 2: Click the Create an Alert link at the top of the Titles List.

The screenshot shows the DialogBusiness interface. At the top, there is a navigation bar with the DialogBusiness logo, buttons for 'NEW SEARCH', 'COST', 'LOG OFF', and 'HELP', and a dropdown menu for 'more searches...'. Below the navigation bar, the search results are displayed. On the left, there is a yellow vertical bar. The search results section shows 'Search results: 28 titles in Computers, Electronics, and Telecom Industry News'. Below this, there is a link 'Create an alert for this search' with an alarm clock icon. To the right of this link, it says 'to automatically receive new titles via email'. Below that, it says 'Be sure to save or print; charges are incurred each time a record is displayed'. There are two buttons: 'Display Checked' and 'Display All'. Below the buttons, there is a 'select' dropdown menu with 'all' and 'none' options. The search results list three items:

- 1 [Kabelmodem fuer SOHO-Markt](#) - December 01, 1999 - Business & Industry® - US\$3.10
